The Insurance for this coming year is only for 10 months, to bring it in line with the AALS Company's financial year. This will also enable me to get a fixed price from the Insurers and also this will allow me to get your Pro Forma Invoice out earlier so that you do not receive it Christmas Eve. Also it gives me more time to get your Insurance cards out before the Easter Convention.

We have had only a few reported incidents in both Personal Injury, Transit of Models and Public Liability area. They all seem to be of a minor nature and none have been acted on at the time of writing this report.

We have worked out our costing in the same way as last year, only working on 10 months instead of 12 months, in as much as we have taken the figures from your Affiliation numbers registered with AALS to do our calculations for your Policy.

There are still some Clubs not reporting incidents as and when they happen. There have been on occasions that people are not keeping their incident report logs up to date. It is very important that you maintain this log, no matter how small the incident is. If you require an Incident Report Form, it is available on the AALS web site; just follow the links.

Please report all incidents within 24 hours by phone, fax or e-mail, giving a brief description of the incident, followed up with the appropriate paper work within 7 days. This will include witness's statements.

I must thank our Brokers for their work on our behalf, our account executive Phil Downs and his assistant Alex for their prompt attention to matters raised. It has been first class in especially getting coverage or when a new Club joins the Association. Thank you Phil and Alex.

Best wishes to you all: remember safety first, last and always.

Happy Steaming,

Dennis Hamilton – Insurance Officer
