I am pleased to say that some Clubs are doing the right thing by reporting incidents.

It is very important that you maintain your log book, no matter how small the incident is. If you require an Incident Report Form, it is available on the AALS web site; just follow the links.

Please report all incidents within 24 hours by phone, fax or e-mail, giving a brief description of the incident, followed up with the appropriate paper work within 7 days. This will include witness's statements. These are then all forwarded off to the Insurance Co. and kept on record, so that if anything further becomes of the incident, it is recorded with the appropriate authorities.

I give a big thank you to all the clubs that are reporting all their incidents. It is no shame to report your incidents no matter how large or small, as it makes my work a lot easier.

The premiums for this year have had a small increase from last year.

I must thank our Brokers for their work on our behalf, our account executive Phil Downs and his assistant, along with Darren Burge, the claims officer for their prompt attention to matters raised, because it has been first class in especially getting coverage or when a new Club joins the Association. Thank you, Phil and Darren.

Best wishes to you all; remember safety first, last and always.

Happy Steaming,

Dennis Hamilton – Insurance Officer
