## Annual Report of the Australian Live Steamers Safety Committee

This report constitutes a summary of business as conducted by the Safety Committee up to December, 2013, at which time the report had to be submitted for distribution to member clubs in advance of the 2014 AGM of the AALS.

As of the 2013 AGM, the Safety Committee consisted of Warwick Allison, Chairman, and Alf Grigg as secretary.

Following the 2013 AGM, the Code of Practice for Operations was updated to include speed as a hazard and the Standards for Safety and Interoperability were updated as to air fittings for steaming bays.

During the year the Safety Committee fulfilled the normal correspondence tasks of the committee. No consultation process was undertaken in 2013 given no key safety issues being proposed by the Safety Committee and AGM meetings at the 2013 Convention.

The Committee remains committed to fully consulting with member clubs, and to empowering clubs to fully manage the implementation of the Code. The Committee will implement the resolutions of the 2014 AGM, and will continue with a consultative process on key safety and operational issues as proposed by member clubs and individual members.

Warwick Allison  
Chairman

Alf Grigg  
Secretary
